

SRWRA

2017/18 Annual Report

SRWRA is a regional subsidiary established by the Cities of Onkaparinga, Marion and Holdfast Bay, pursuant to Section 43 of the Local Government Act, 1999.

Under our Charter, SRWRA is responsible for providing and operating waste management services on behalf of our constituent Councils.

At a practical level, our core business activity is the management of our wholly-owned SRWRA Landfill and Recycling Operation employing innovative resource recovery approaches in managing all products and materials as valuable and finite resources. This is one of the State's major landfill operations currently receiving over 100,000 tonnes of waste annually.

Since 1996 the Authority has been extracting landfill gas (methane) through its gas management plant. On average, the Authority generates over 18,000MWh per annum from the SRWRA Landfill facility, equivalent to powering more than 2,500 local homes. As a result, more than 6.8m cubic metres of methane from the SRWRA's Landfill Gas site is consumed, CO2 abatement equivalent to taking 26,000 cars off the road.

The SRWRA's joint venture operation with Integrated Waste Services (IWS) has developed through 2017/18 with significant improvements in the recycling programme through the jointly operated Southern Recycling Centre (SRC) realising significant improvements in the reduction of waste to landfill.

Joint Venture Partner

Constituent Councils

Chairperson's Message

Waste management impacts many aspects of society and the economy. This has never been more evident than in the past 12 months when the Chinese government stopped taking recyclable materials from Australia, an action which focused our collective consciousness on the need to ensure we have sustainable markets for recycled materials in Australia.

As a country we have a strong commitment to recycling and South Australia has long been at the forefront of this. For many people, recycling means putting waste in the yellow-top bin with the expectation that this is then sorted and turned back into its base materials such as paper, glass, plastics etc. Unfortunately, all too much of this product is not suitable for recycling and ends up in a landfill. This must change. In Australia we need to proactively stimulate markets for the use of recycled materials so that industry will continue to invest and innovate to produce products which rely less on virgin materials. The circular economy needs commitment from government at the policy level, all levels of government from a procurement perspective and from the consumer. We must strive to keep resources in use for as long as possible, extract the maximum value from them while they

are in use, then recover and regenerate products and materials at the end of each service lifecycle. We need our businesses and governments to actively prioritise the use of recycled goods or to introduce recycled material quotas.

As the Southern Region Waste Resource Authority, we continue to ensure that we are investing in the technology and systems to increase resource recovery from our operations. The Southern Recycling Centre is now operating effectively and has diverted over 10,000 tonnes from landfill over the past 12 months, and we expect this volume to increase over time.

Our landfill operation is one of the South Australia's largest, and it continues to be a very important component in ensuring SRWRA continues to fulfil its responsibility to provide and operate waste management services on behalf of its Constituent Councils.

We have again delivered an excellent financial performance distributing \$2.550 million to the Constituent Councils while keeping waste disposal costs very competitive in the market.

The Board, the Audit Committee and our staff, capably led by Chief Executive Mark Hindmarsh, are to be commended for their dedication and commitment to ensure the Authority continues to meet the objectives and responsibilities outlined in its Charter in a fiscally and environmentally sustainable manner.

On behalf of the Board of the Southern Region Waste Resource Authority, I am pleased to submit the Annual Report for the 2018 financial year.

Board of Management as at June 30th 2018

Chief Executive Officer's Message

The past year has seen an increased focus on the Waste Management Sector especially around the recovery of reusable and recyclable waste products.

The Authority is committed to sustainability and sets a high environmental standard for its incorporation and use of recycled products which promotes the regeneration of recyclable products and supports the key delivery outcomes by reducing reliance on disposal to landfill.

Recovery and reuse form a staple part of the landfill and recycling operations with over 40,000 tonnes of waste being recovered for reuse on site this year. An integral part of the recovery and diversion from landfill process comes from the Southern Recycling Centre diverting over 10,000 tonnes of organic waste from landfill this year for positive reuse.

The Authority continues to develop its operations incorporating new advancements in lining technology, pioneering an Australian first with a new lining design and application.

The culmination of investigation and exploration of several developments and efficiencies in the use of recovered products has seen the Authority deliver a milestone financial performance distributing \$2.55 million to its Constituent Councils whilst assuring low cost competitive disposal costs for its members.

With several successful projects coming to fruition the year has been an educational year of working with new technologies to enhance the operation of the waste management and resource recovery systems at the Authority.

SRWRA has a dedicated team and strong supportive Board who are integral to the momentum of efficiencies and continuous improvements across the administration and operations of the SRWRA landfill and recycling operations.

I would like to take this opportunity to extend my thanks and appreciation to the SRWRA staff, Board members and Audit Committee members for their hard work and dedicated contribution over the past twelve months, strengthening the Authorities commitment and responsibilities to waste management on behalf of its Constituent Councils.

In the continued development of the SRWRA's community educational initiatives each year the Authority writes to all the local primary schools in the Constituent Council areas promoting the Les Perry Memorial Grant Programme. Schools in the Constituent Council areas are encouraged to apply to the Authority for a grant of approximately \$500 each to focus on recycling and educating children on the importance of recycling and re-use of common household waste materials. A total of 14 schools were successfully awarded the grant this year.

I am pleased to report that the 2017/18 financial period for the Authority showed an operating surplus of \$1.75M for the year ended 30th June 2018. This is an excellent result, built around the improvements and ongoing efficiencies of the operations over the past twelve months. The Authority strives to operate a reasonable commercial return to the Constituent Councils whilst ensuring there are adequate financial reserves to meet future developments and post closure requirements of its operations.

A complete copy of the Audited Financial Statements for 2017/18 form part of this report.

As the demands on the Waste Industry continues to evolve and develop, I look forward to leading the Authority through the challenges and exciting opportunities in the year ahead.

SOUTHERN REGION WASTE RESOURCE AUTHORITY

ANNUAL FINANCIAL STATEMENTS for the year ended 30 June 2018

CERTIFICATION OF FINANCIAL STATEMENTS

We have been authorised by the Southern Region Waste Resource Authority Board to certify the financial statements in their final form. In our opinion:

- the accompanying financial statements comply with the *Local Government Act 1999, Local Government (Financial Management) Regulations 2011 and Australian Accounting Standards*.

- the financial statements present a true and fair view of the Authority's financial position at 30 June 2018 and the results of its operations and cashflows for the financial year.

- internal controls implemented by the Authority provide a reasonable assurance that the Authority's financial records are complete, accurate and reliable throughout the financial year.

- the financial statements accurately reflect the Authority's accounting and other records.

SOUTHERN REGION WASTE RESOURCE AUTHORITY

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 30 June 2018

Note 1 - SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

1 Basis of Preparation

1.1 Compliance with Australian equivalents to International Financial Reporting Standards

This general purpose financial report has been prepared in accordance with Australian equivalents to International Financial Reporting Standards (AIFRS) as they apply to not-for-profit entities, other authoritative pronouncements of the Australian Accounting Standards Board (AASB), Urgent Issues Group Interpretations (UIGs) and relevant South Australian legislation.

The Authority is a Local Government Authority Section 43 Regional Subsidiary under the control of City of Onkaparinga, City of Marion and the City of Holdfast Bay.

1.2 Historical Cost Convention

Except where stated below, these financial statements have been prepared in accordance with the historical cost convention.

1.3 Critical Accounting Estimates

The preparation of financial statements in conformity with AIFRS requires the use of certain critical accounting estimates, and requires management to exercise its judgement in applying the Authority's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are specifically referred to in the relevant sections of this Note.

1.4 Rounding

All amounts in the financial statements have been rounded to the nearest thousand dollars (\$'000).

2 The Local Government Reporting Entity

Southern Region Waste Resource Authority operates as a regional subsidiary pursuant to Section 43 of the SA Local Government Act 1999 and Section 25 of the Local Government Implementation Act 1999, and has its principal place of business at 112 Bakewell Dr, Seaford Heights SA 5169.

3 Income recognition

Income is measured at the fair value of the consideration received or receivable. Income is recognised when the Authority obtains control over the assets comprising the income, or when the amount due constitutes an enforceable debt, whichever first occurs.

4 Cash, Cash Equivalents and other Financial Instruments

Cash Assets include all amounts readily convertible to cash on hand at the Authority's option with an insignificant risk of changes in value with a maturity of three months or less from the date of acquisition.

Receivables are generally unsecured and do not bear interest.

All receivables are reviewed as at the reporting date and adequate allowance made for amounts the receipt of which is considered doubtful.

All financial instruments are recognised at fair value at the date of recognition. A detailed statement of the accounting policies applied to financial instruments forms part of Note 10.

SOUTHERN REGION WASTE RESOURCE AUTHORITY

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
for the year ended 30 June 2018**

Note 1 - Significant Accounting Policies (cont)

5 Infrastructure, Property, Plant & Equipment

All non-current assets purchased or constructed are capitalised as the expenditure is incurred and depreciated as soon as the asset is held "ready for use".

5.1 Initial Recognition

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition, including architects' fees and engineering design fees and all other costs incurred. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Authority includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overhead.

Capital works still in progress at balance date are recognised as other non-current assets and transferred to infrastructure, property, plant & equipment when completed ready for use.

5.2 Materiality

Assets with an economic life in excess of one year are only capitalised where the cost of acquisition exceeds materiality thresholds established by Authority for each type of asset. In determining (and in annually reviewing) such thresholds, regard is had to the nature of the asset and its estimated service life. No capitalisation threshold is applied to the acquisition of land or interests in land.

Capitalisation threshold applied of \$1,000 for all asset classes. Any purchases greater than this amount are capitalised and depreciated on the Authority's asset register.

5.3 Depreciation of Non-Current Assets

Other than land, all infrastructure, property, plant and equipment assets recognised are systematically depreciated over their useful lives in a manner which reflects the consumption of the service potential embodied in those assets.

Depreciation is recognised on a straight-line basis. Major depreciation periods for each class of asset are shown below. Depreciation on Landfill Construction assets are amortised proportionately to the rate of filling based upon the projected remaining airspace of landfill cells as at the beginning of the reporting period. The Authority annually assesses the remaining airspace of landfill cells and accordingly, depreciation and amortisation rates are adjusted to reflect these estimates. Depreciation periods for infrastructure assets have been estimated based on the best information available to the Authority, but appropriate records covering the entire life cycle of these assets are not available, and extreme care should be used in interpreting financial information based on these estimates.

Plant, Furniture & Equipment	3 -10 years
Buildings	30 - 50 years
Waste Facility	10 - 15 years
Landfill Construction	Amortised proportionately to rate of filling

6 Payables

6.1 Goods & Services

Creditors are amounts due to external parties for the supply of goods and services and are recognised as liabilities when the goods and services are received. Creditors are normally paid 30 days after the month of invoice. No interest is payable on these amounts.

SOUTHERN REGION WASTE RESOURCE AUTHORITY

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 30 June 2018

Note 1 - Significant Accounting Policies (cont)

7 Employee Benefits

7.1 Salaries, Wages & Compensated Absences

Liabilities for employees' entitlements to salaries, wages and compensated absences expected to be paid or settled within 12 months of reporting date are accrued at nominal amounts (including payroll based oncosts) measured in accordance with AASB 119.

Liabilities for employee benefits not expected to be paid or settled within 12 months are measured as the present value of the estimated future cash outflows (including payroll based oncosts) to be made in respect of services provided by employees up to the reporting date. Present values are calculated using government guaranteed securities rates with similar maturity terms.

The Authority recognises all presently entitled liabilities as current liabilities regardless of whether it is expected to be paid within the preceding 12 months of reporting date.

7.2 Superannuation

The Authority makes employer superannuation contributions in respect of its employees to Statewide Super. The Scheme has two types of membership, each of which is funded differently.

Accumulation Fund Members

Accumulation fund members receive both employer and employee contributions on a progressive basis. Employer contributions are normally based on a fixed percentage of employee earnings in accordance with Superannuation Guarantee Legislation 9.5% in 2017/18 (9.5% in 2016/17; 9.5% in 2015/16). No further liability accrues to the employer as the superannuation benefits accruing to employees are represented by their share of the net assets of the Fund.

Defined Benefit Members

Defined benefit scheme is where the benefit payable is based on a formula determined by the member's contribution rate, number of years of contribution and final average salary. The Authority makes employer contributions as determined by the scheme's Trustee based on advice from the Scheme's Actuarial. The most recent full actuarial investigation conducted by the Scheme's actuary, A C Miller, FIAA, of Russell Employee Benefits Pty Ltd as at 30 June 2014. The Trustee has determined that the current funding arrangements are adequate for the expected Salarylink liabilities. However, future financial and economic circumstances may require changes to the Authority's contribution rates at some future time.

The Authority also makes contributions to other superannuation schemes selected by employees under the 'choice of fund' legislation. All such schemes are of the accumulation type, where the superannuation benefits accruing to the employee are represented by their share of the new assets of the scheme, and no further liability attaches to the Authority.

8 Rehabilitation

Expenditures relating to ongoing rehabilitation and restoration reduce any provision previously established.

The Authority annually monitors the liability recorded for landfill rehabilitation and restoration estimates and makes adjustments to the liability as required to ensure an accurate projected cost of the liability is showing in the balance sheet. The Authority will be undertaking further detailed reviews of all rehabilitation and restoration liability costs in future years with the assistance of external consultants to ensure all projected costs have been independently verified.

9 Inventory

Inventory held by the Authority reflect materials stored on site which have either been purchased or gifted which will be used for future Cell and Capping construction works to be undertaken in future years.

SOUTHERN REGION WASTE RESOURCE AUTHORITY

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 30 June 2018

Note 1 - Significant Accounting Policies (cont)

10 GST Implications

In accordance with UIG Abstract 1031 "Accounting for the Goods & Services Tax". Receivables and Creditors include GST receivable and payable. Except in relation to input taxed activities, revenues and operating expenditures exclude GST receivable and payable. Non-current assets and capital expenditures include GST net of any recoupment.

Amounts included in the Statement of Cash Flows are disclosed on a gross basis.

11 Comparative Information

Comparative information has been reclassified to be consistent with the current year disclosure of equivalent information in accordance with AIFRS.

12 New Accounting Standards

Certain new accounting standards and UIG interpretations have been published that are not mandatory for the 30 June 2018 reporting period and have not been used in preparing these reports.

The Authority is of the view that none of the new standards or interpretations will affect any of the amounts recognised in the financial statements, but that they may impact certain information otherwise disclosed.

13 Valuation of Land and Building Assets

Land and Building assets held by the Authority were valued by Opteon (South Australia) Pty Ltd with an effective valuation date of 30 June 2014 applied for financial reporting purposes. Assets were valued to their market value based on the current zoning of the Onkaparinga Council Development Plan and Environmental Protection Agency (EPA) constraints and assessed market values based on highest and best use. All purchases made post 30 June 2014 have been recorded at Cost.

14 Capping Liability Review

During the 2017/18 financial year, the Authority undertook a review of all the key assumptions and estimates in relation to the measurement of the Future Restoration liability recorded in Note 7 of the Financial Statements. The Authority engaged Golder Associates Pty Ltd to complete the independent assessment of the liability. As a result of work completed, Golder Associates estimated the liability to be \$1.471 million as at 30 June 2018. The Authority has applied an additional 10% contingency estimate on the Post Closure liability estimate for risk mitigating purposes which resulted in a total reduction in the liability of \$2.555 million reducing the balance of the provision for future restoration costs to \$1.605 million (2017: \$4.159 million).

As a result of the reduction in the liability, a non-cash income amount totalling \$0.886 million was recognised in the Statement of Comprehensive Income.

During the 2018/19 financial year, all other landfill capping liability estimates and assumptions will be reviewed and updated accordingly. Any changes to key assumptions or estimates will be applied in the 2018/19 financial year once the review has been completed.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 30 June 2018

Note 8 - RECONCILIATION OF CASH FLOW STATEMENT

(a) Reconciliation of Cash

Cash Assets comprise highly liquid investments with short periods to maturity subject to insignificant risk of changes of value. Cash at the end of the reporting period as shown in the Cash Flow Statement is reconciled to the related items in the Statement of Financial Position as follows:

	Notes	2018 \$'000	2017 \$'000
Total cash & equivalent assets	5	16,343	19,940
Less: Short-term borrowings		-	-
Balances per Cash Flow Statement		<u>16,343</u>	<u>19,940</u>

(b) Reconciliation of Change in Net Assets to Cash from Operating Activities

Net Surplus (Deficit)		1,777	1,375
Non-cash items in Income Statement			
Depreciation, amortisation & impairment		908	949
Net (Gain) loss in Equity Movement Joint Venture		(176)	(265)
Movement in Landfill Provisions		(886)	-
Net (Gain) Loss on Disposals		(21)	(45)
		<u>1,602</u>	<u>2,014</u>
Add (Less): Changes in Net Current Assets			
Net (increase) decrease in receivables		186	(1,018)
Net (increase) decrease in inventories		-	48
Net (increase) decrease in other current assets		-	-
Net increase (decrease) in trade & other payables		(93)	1,166
Net increase (decrease) in other provisions		45	(10)
Net Cash provided by (or used in) operations		<u>1,740</u>	<u>2,200</u>

(c) Non-Cash Financing and Investing Activities

Acquisition of assets by means of:

- Physical resources received free of charge		-	-
- Non-cash grants & contributions		-	-
<i>Amounts recognised in Income Statement</i>		-	-
- Finance Leases		-	-
		<u>-</u>	<u>-</u>

(d) Financing Arrangements

Unrestricted access was available at balance date to the following lines of credit:

Corporate Credit Cards	18	18
------------------------	----	----

The Authority has no bank overdraft facility.

SOUTHERN REGION WASTE RESOURCE AUTHORITY

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 30 June 2018

Note 9 - FINANCIAL INSTRUMENTS

Recognised Financial Instruments

Bank, Deposits at Call, Short Term	Accounting Policy: Carried at lower of cost and net realisable value; Interest is recognised when earned.
Deposits	<p>Terms & conditions: Deposits are returning fixed interest rates of 1.25 - 2.5% (2017: 1.25 - 2.5%). Short term deposits have an average maturity of 90 days (2017: 90 days).</p> <p>Carrying amount: approximates fair value due to the short term to maturity.</p>
Receivables - Gate Fees & Associated Charges	<p>Accounting Policy: Carried at nominal values less any allowance for doubtful debts. An allowance for doubtful debts is recognised (and re-assessed annually) when collection in full is no longer probable.</p> <p>Carrying amount: approximates fair value (after deduction of any allowance).</p>
Liabilities - Creditors and Accruals	<p>Accounting Policy: Liabilities are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Authority.</p> <p>Terms & conditions: Liabilities are normally settled on 30 day terms.</p> <p>Carrying amount: approximates fair value.</p>

Net Fair Value

All carrying values approximate fair value for all recognised financial instruments. There is no recognised market for the financial assets of the Authority.

Risk Exposures

Credit Risk represents the loss that would be recognised if counterparties fail to perform as contracted. The maximum credit risk on financial assets of the Authority is the carrying amount, net of any provision for doubtful debts. All investments are made with the SA Local Government Finance Authority and the ANZ Bank. There is no material exposure to any individual debtor.

Market Risk is the risk that fair values of financial assets will fluctuate as a result of changes in market prices. All of the Authority's financial assets are denominated in Australian dollars and are not traded on any market, and hence neither market risk nor currency risk apply.

Liquidity Risk is the risk that the Authority will encounter difficulty in meeting obligations with financial liabilities. In accordance with the model Treasury Policy (LGA Information Paper 15), liabilities have a range of maturity dates based on cash inflows.

Interest Rate Risk is the risk that future cash flows will fluctuate because of changes in market interest rates. Most of the Authority's financial instruments are at fixed rates. Any such variations in future cash flows will not be material in effect on either the Authority's incomes or expenditures.

Note 10 - COMMITMENTS FOR EXPENDITURE

	2018	2017
<u>Notes</u>	\$'000	\$'000
Capital Commitments		
Capital expenditure committed for at the reporting date but not recognised in the financial statements as liabilities:		
Committed Projects	<u>-</u>	<u>-</u>
	<u>-</u>	<u>-</u>

As at 30 June 2018, the Authority has entered into no capital commitments that are not already recorded on the Statement of Financial Position.

Other Expenditure Commitments

Other expenditure committed for (excluding inventories) at the reporting date but not recognised in the financial statements as liabilities:

Audit Services	<u>37</u>	<u>55</u>
	<u>37</u>	<u>55</u>
These expenditures are payable:		
Not later than one year	<u>18</u>	<u>18</u>
Later than one year and not later than 5 years	<u>19</u>	<u>37</u>
Later than 5 years	<u>-</u>	<u>-</u>
	<u>37</u>	<u>55</u>

Note 11 - CONTINGENCIES & ASSETS & LIABILITIES NOT RECOGNISED IN THE STATEMENT OF FINANCIAL POSITION

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position but knowledge of those items is considered relevant to users of the financial report in making and evaluating decisions about the allocation of scarce resources.

1. Potential Insurance Losses

The Authority insures against all known insurable risks using a range of insurance policies, each of which is subject to a deductible "insurance excess", the amount of which varies according to the class of insurance.

2. Legal Expenses

All known costs have been recognised.

Note 12 - EVENTS OCCURRING AFTER REPORTING DATE

There were no events subsequent to 30 June 2018 that need to be disclosed in the financial statements.

SOUTHERN REGION WASTE RESOURCE AUTHORITY

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 30 June 2018

Note 13 - UNIFORM PRESENTATION OF FINANCES

The following is a high level summary of both operating and capital investment activities of the Authority prepared on a uniform and consistent basis. The uniform presentation represents a simplified version of reporting under the Government Finance Statistics (GFS) framework of the Australian Bureau of Statistics.

	2018 \$'000	2017 \$'000
Income	13,710	12,678
<i>less</i> Expenses	(11,954)	(11,461)
Operating Surplus / (Deficit)	<u>1,756</u>	<u>1,217</u>
<i>less</i> Net Outlays on Existing Assets		
Capital Expenditure on renewal and replacement of Existing Assets	341	754
Depreciation, Amortisation, Impairment and Movement in Landfill Provisions	(988)	(1,027)
Proceeds from Sale of Replaced Assets	-	-
	<u>(647)</u>	<u>(273)</u>
<i>less</i> Net Outlays on New and Upgraded Assets		
Capital Expenditure on New and Upgraded Assets	2,479	863
Amounts received specifically for New and Upgraded Assets	-	-
Proceeds from Sale of Surplus Assets	(33)	(163)
	<u>2,446</u>	<u>700</u>
Net Lending / (Borrowing) for Financial Year	<u><u>(43)</u></u>	<u><u>790</u></u>

SOUTHERN REGION WASTE RESOURCE AUTHORITY

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 30 June 2018

Note 14 - DISCLOSURES OF RELATED PARTY TRANSACTIONS

The Key Management Personnel include the Chair of the Board, Chief Executive and other officers prescribed under Section 112 of the *Local Government Act 1999*. The following payments were made to Key Management Personnel during the year:

	2018 \$'000
Salaries, allowances & other short term benefits	380
Post-employment benefits	-
Long term benefits	26
Termination Benefits	7
TOTAL	413

Transactions with Related Parties:

The following transactions occurred with Related Parties:

Related Party Entity	Sale of Goods and Services (\$'000)	Amounts Outstanding from Related Parties (\$'000)	Description of Services Provided to Related Parties
City of Onkaparinga	4,509	382	Provision of waste disposal services
City of Holdfast Bay	825	84	Provision of waste disposal services
City of Marion	2,026	248	Provision of waste disposal services
Southern Recycling Centre	4,523	508	Provision of waste disposal services

Amounts recorded as outstanding from Related Parties are recorded in Trade and other receivables in Note 5.

The Related Parties disclosed above are equity owners of the Authority and are referred to as Member Councils. Member Councils have equal representation on the Board of the Authority and accordingly have significant influence on the financial and operating decisions of the Authority. No one Member Council individually has control of those policies.

SOUTHERN REGION WASTE RESOURCE AUTHORITY

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the financial year ended 30 June 2018

Note 15 - EQUITY ACCOUNTED JOINT VENTURE

Southern Recycling Centre (SRC)

The Authority has entered into a joint venture arrangement with Integrated Waste Services Pty Ltd to operate the Southern Recycling Centre located on the Authority's landfill site.

	2018	2017
	\$'000	\$'000
The Authority's respective interests are:		
- interest in operating result:	49.99%	49.99%
- ownership of equity	49.99%	49.99%
the proportion of voting power	50.00%	50.00%
 <u>Movement in Investment in Joint Operation:</u>		
Opening Balance	709	164
New Capital Contributions	-	405
Share in Operating Result	176	71
Equity Adjustment	-	194
Distributions Received	-	(125)
Share in Equity of Joint Operation	<u>885</u>	<u>709</u>

Expenditure Commitments

There were no expenditure commitments at reporting date that required to be recognised in the financial statements.

Contingent Liabilities

There were no contingent liabilities at reporting date that required to be recognised in the financial statements.

SOUTHERN REGION WASTE RESOURCE AUTHORITY

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 30 June 2018

Note 16 - FAIR VALUE MEASUREMENTS

The Authority measures and recognises the following assets at fair value on a recurring basis after initial recognition:

- Land assets.

The Authority does not subsequently measure any liabilities at fair value on a recurring basis, or any assets or liabilities at fair value on a non-recurring basis.

(a) **Fair value hierarchy**

AASB 13: *Fair Value Measurement* requires the disclosure of fair value information according to the relevant level in the fair value hierarchy. This hierarchy categorises fair value measurements into one of three possible levels based on the lowest level that a significant input can be categorised into. The levels are outlined below:

Level 1	Level 2	Level 3
Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.	Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.	Measurements based on unobservable inputs for the asset or liability.

The fair value of assets and liabilities that are not traded in an active market is determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Authority selects valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the association are consistent with one or more of the following valuation approaches:

- *Market approach*: uses prices and other relevant information generated by market transactions involving identical or similar assets or liabilities.
- *Income approach*: converts estimated future cash flows or income and expenses into a single current (i.e. discounted) value.
- *Cost approach*: reflects the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Authority gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data are not available and therefore are developed using the best information available about such assumptions are considered unobservable.

SOUTHERN REGION WASTE RESOURCE AUTHORITY

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS for the year ended 30 June 2018

Note 16 - FAIR VALUE MEASUREMENTS (Cont.)

The following tables provide the fair values of the Authority's assets measured and recognised on a recurring basis after initial recognition, categorised within the fair value hierarchy.

	Note	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
2018					
Recurring fair value measurements					
Infrastructure, Property, Plant & Equipment					
- Land	6	-	1,427	-	1,427
- Buildings	6	-	560	-	560
Total financial assets recognised at fair value		-	1,987	-	1,987
2017					
Recurring fair value measurements					
Infrastructure, Property, Plant & Equipment					
- Land	6	-	1,427	-	1,427
- Buildings	6	-	560	-	560
Total financial assets recognised at fair value		-	1,987	-	1,987

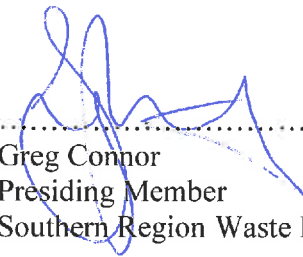

(b) **Disclosed fair value measurements**

The following table provides the level of the fair value hierarchy within which the disclosed fair value measurements are categorised in their entirety and a description of the valuation technique(s) and inputs used.

	Fair Value Hierarchy Level	Valuation Technique	Inputs Used
There has been no change in the valuation technique(s) used to calculate the fair values disclosed in the financial statements.	2	Market Value	Observable sales of similar properties – both vacant land and land with improvements

**Presiding Member Southern Region Waste Resource Authority
Audit Committee – Auditor Independence**

I, Greg Connor the person occupying the position of Presiding Member of the Southern Region Waste Resource Authority's Audit Committee, do hereby certify (for the purposes of Regulation 22 (3) of the Local Government (Financial Management) Regulations 2011), that the auditor of the Southern Region Waste Resource Authority, Galpins, has not been engaged by the Southern Region Waste Resource Authority to provide services to the Southern Region Waste Resource Authority outside of the scope of the audit functions under the Local Government Act 1999.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE SOUTHERN REGION WASTE RESOURCE AUTHORITY

INDEPENDENT ASSURANCE REPORT ON THE INTERNAL CONTROLS OF THE SOUTHERN REGION WASTE RESOURCE AUTHORITY

We have audited the compliance of the Southern Region Waste Resource Authority ("the Authority") with the requirements of *Section 125 of the Local Government Act 1999* in relation only to the Internal Controls established by the Authority to ensure that financial transactions relating to the receipt, expenditure and investment of money, acquisition and disposal of property and incurring of liabilities for the period 1 July 2017 to 30 June 2018 have been conducted properly and in accordance with law.

The Authority's Responsibility for Internal controls

The Authority is responsible for implementing and maintaining an adequate system of internal controls, in accordance with *Section 125 of the Local Government Act 1999* to ensure that the receipt, expenditure and investment of money, with acquisition and disposal of property, and incurring of liabilities have been conducted properly and in accordance with law.

Auditor's responsibility

Our responsibility is to express an opinion on the Authority's compliance with *Section 125 of the Local Government Act 1999* in relation only to the Internal Controls established by the Authority to ensure that financial transactions relating to the receipt, expenditure and investment of money, acquisition and disposal of property and incurring of liabilities have been conducted properly and in accordance with the law, based on our procedures. Our engagement has been conducted in accordance with applicable Australian Standards on Assurance Engagements ASAE 3100 *Compliance Engagements*, issued by the Australian Auditing and Assurance Standards Board, in order to state whether, in all material respects, the Authority has complied with Section 125 of the Local Government Act 1999 in relation only to the internal controls specified above for the period 1 July 2017 to 30 June 2018. ASAE 3100 also requires us to comply with the relevant ethical requirements of the Australian professional accounting bodies.

Our procedures included obtaining an understanding of controls in relation to the receipt, expenditure and investment of money, the acquisition and disposal of property and the incurring of liabilities, evaluating management's assessment of these controls, assessing the risk that a material weakness exists, and testing and evaluating the design of controls on a sample basis based on the assess risk.

Limitation of Use

This report has been prepared for the members of the Authority in Accordance with *Section 129 of the Local Government Act 1999* in relation to the Internal Controls Specified above. We disclaim any assumption of responsibility for any reliance on this report to any persons or users other than the members of the Authority, or for any purpose other than which it was prepared.

Inherent Limitation.

Due to the inherent limitations of any compliance procedure, it is possible that fraud, error or non-compliance may occur and not to be detected. An assurance engagement on controls is not designed to detect all instances of controls operating ineffectively as it is not performed continuously throughout the period and the tests performed are on a sample basis. Any projection of the outcome of the evaluation of controls to future periods is subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with them may deteriorate.

Independence

In conducting our engagement, we have complied with the independence requirements of the Australian professional accounting bodies.

Opinion

In our opinion, the Authority has complied, in all material respects, with *Section 125 of the Local Government Act 1999* in relation to Internal controls established by the Authority relating to the receipt, expenditure and investment of money, acquisition and disposal of property and incurring of liabilities so as to provide reasonable assurance that the financial transactions of the authority have been conducted properly and in accordance with law for the year ended 30 June 2018.

INDEPENDENT AUDITOR'S REPORT

To the members of the Southern Region Waste Resource Authority

Report on the Audit of the Financial Report

Opinion

We have audited the accompanying financial report of the Southern Region Waste Resource Authority ("the Authority"), which comprises the balance sheet as at 30 June 2018, the statement of comprehensive income, statement of changes in equity and cash flow statement for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the statement by the Executive Officer and the Chairman.

In our opinion, the accompanying financial report presents fairly, in all material aspects, the financial position of the Authority as at 30 June 2018, and its financial performance and its cash flows for the year then ended in accordance with the Australian Accounting Standards, Local Government Act 1999 and Local Government (Financial Management) Regulations 2011.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibility for the Financial Report

The Authority is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations), the Local Government Act 1999 and the Local Government (Financial Management) Regulations 2011 and for such internal control as the Authority determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Authority is responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Authority's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Performance Against Business Plan

Each year SRWRA prepares an Annual Business Plan that is submitted to the Constituent Councils detailing its aims and objectives.

Aims and objectives	
Operating Surplus is maintained	Achieved
Meet all legislative requirements (WHS, EPA, Zero Waste)	Achieved
Asset Management plans are in place	Achieved
Grow the revenue (to offset a reduction in the forecast SRWRA revenue)	Achieved
Capital works program is planned and funded i.e. cell construction (link to LTFP).	Achieved
Development of a Bio-Pad, Bailing field and Hard-Stand/Capped operational area	In Progress

SRWRA Constituent Councils
